Tips to keep your mouth healthy as you age

Oral health is the health of your mouth, teeth, and gums. Some oral health problems become more common with age. But without the right care, these problems can happen earlier in life, too. Here are a few common oral health problems older adults may have:

- You may have trouble eating certain foods.
- Your gums shrink back.
- Your mouth becomes very dry.

Taking care of your mouth at any age is an important step to staying healthy. As you age, here are some ways to keep your mouth healthy.

1. **Brush your teeth at least 2 times a day and floss every day.** Regular brushing and flossing help keep bacteria away, which helps keep your teeth and gums strong and healthy. Talk with your dentist about how often you should brush and floss.

Having trouble remembering to brush and floss? Try setting an alarm or keeping your toothbrush and floss in plain sight to help you remember.

2. **Use a mouthwash and toothpaste that have fluoride.** Fluoride helps to:

- Prevent gum disease.
- Reduce sensitivity.
- Protect teeth from decay.

3. **Keep your mouth moist.** Saliva helps protect your mouth from gum disease and tooth decay. Drink plenty of water and use sugar-free mints, gum, or lozenges to increase your saliva.

4. **If you smoke, now is the time to quit.** Smoking can make your mouth dry and cause other oral health problems. Here's how we can help you quit:

- As a Keystone First CHC Participant, you are eligible for counseling sessions to help you quit. Call Participant Services at **1-855-332-0729 (TTY 1-855-235-4976)** for more information. You may be eligible for medicines that can help you quit. Talk with your doctor about what medicine is best for you.

Tips to keep your mouth healthy as you age (continued from page 4)

- Call the PA Free Quitline,
1-800-QUIT NOW (1-800-784-8669)
or go to <http://pa.quitlogix.org>.

5. **Eat healthy.** Choosing the right food can help keep your teeth healthy.

Try to eat:

- Fresh fruits.
- Vegetables.
- Lean protein like chicken, beans, and fish.

Try not to eat:

- Sticky foods like caramels, raisins, and gummy bears.
- Lollipops and other hard candies.
- Desserts like cookies, cakes, and brownies.
- Sugar. This includes brown sugar, honey, and even molasses.

6. **Visit your dentist.** You should have a dental checkup 2 times a year. Regular checkups will help spot small problems before they become big ones.

7. **Take care of your dentures.** Here are some tips if you wear full or partial dentures:

- Remember to take your dentures out at night.
- Clean your dentures every night with a soft toothbrush.
- Put your dentures in water or a denture-soaking solution at night.

If you have questions about your teeth, talk with your dentist. To find a dentist, visit www.keystonefirstchc.com and click **Find a Provider** or call Participant Services at **1-855-332-0729 (TTY 1-855-235-4976)**.

Winter is coming and so is the flu

It's important to get a flu shot each year. A flu shot helps protect you from getting the flu. The CDC recommends that everyone older than 6 months of age get a flu shot. Flu shots are a Keystone First CHC covered benefit. Keystone First CHC Participants may also be able to get a no-needle nasal flu vaccine. Talk with your doctor about this option.

Your PCP can give you your flu shot or nasal flu vaccine. Most pharmacies can, too. Talk with your pharmacist to see if you need a prescription from your doctor to get the flu shot or nasal flu vaccine. If you need help finding a PCP or pharmacy where you can get the flu shot or nasal flu vaccine, please call Participant Services at **1-855-332-0729 (TTY 1-855-235-4976)**.

We want you to stay warm this winter

Are you worried about how to keep your home warm as the weather gets colder? There are programs that can help.

- Start by calling your utility company. Your utility company can help explain what programs are available and help you get set up with the one that is right for you.
- Low Income Home Energy Assistance Program (LIHEAP)
 - Helps you pay your heating bills. LIHEAP is a grant. You do not have to repay it. LIHEAP offers both cash and crisis grants.
 - Call: **1-877-395-8930**
 - Visit: **<https://www.compass.state.pa.us/Compass.Web/MenuItems/LiheapFAQ.aspx?Language=EN>**

Need more help? Call us at **1-855-332-0729** (TTY **1-855-235-4976**). We can help connect you to resources. Don't be left in the cold this winter.

Do you need help connecting with your Service Coordinator?

If you are getting or will be getting long-term services and supports, you can meet in person with your Service Coordinator to go over what all of your needs are. This is called a “comprehensive needs assessment.”

To schedule your face-to-face comprehensive needs assessment or to connect with your Service Coordinator, call Participant Services at **1-855-332-0729** (TTY **1-855-235-4976**).

Find information about your prescription benefits online

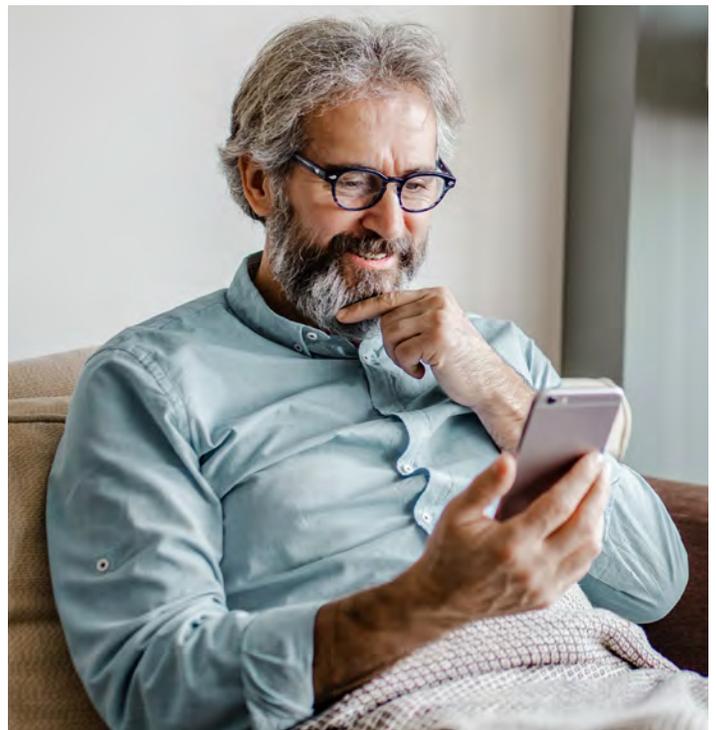

Visit Keystone First CHC's website for information about:

- How your prescription benefits work
- Keystone First CHC's preferred drug resources, including the Pennsylvania Statewide Preferred Drug List (PDL) and the Keystone First CHC Supplemental Formulary. A drug formulary, also called a PDL, is a list of medicines covered by Keystone First CHC. Some medicines are covered as a part of the Pennsylvania Statewide PDL, and some medicines are covered under the Keystone First CHC Supplemental Formulary. If you have Medicare, please refer to your Medicare Part D plan for your formulary medicines.
- How we let you know about formulary changes
- Limits and exceptions
- Prior authorization
- Generic substitution and step therapy

Talk with your doctor or pharmacist if you have questions about your medicines. You can also call Keystone First CHC Participant Services at **1-855-332-0729 (TTY 1-855-235-4976)**.

For the most up-to-date formulary list, visit **www.keystonefirstchc.com**. You can also call Participant Services at **1-855-332-0729 (TTY 1-855-235-4976)**. If you have Medicare, please refer to your Medicare Part D plan for your formulary medicines.

If you would like more information but do not have access to the internet, please call Participant Services at 1-855-332-0729 (TTY 1-855-235-4976).

Are you also eligible for Medicare?

Keystone First CHC has a Medicare dual-eligible special needs plan (D-SNP). It is called Keystone First VIP Choice. A Medicare D-SNP is a Medicare Advantage plan for people who get both Medicare and Medicaid benefits and have special needs. Go to **www.keystonefirstvipchoice.com** to learn more.

Join our Participant Advisory Committee (PAC)

The Keystone First CHC PAC is a place where Participants, providers, caregivers, family members, and direct care workers come together to help us make a difference.

Everyone's voice counts.

The PAC gives you the chance to tell us about your experience and needs, and raise questions or concerns about topics that affect your quality of life. It is a way for you to meet other Participants and the family members, providers, and caregivers who support you. The PAC meets once every 3 months, typically in March, June, September, and December, in the communities where Participants live. You can attend our meetings either in person or by phone.

Some of our most recent meetings have featured topics like:

- How to sign up for the Senior Farmer's Market Nutrition Program (SFMNP)
- Where to find events and activities in your community
- CHC program updates

We want to hear from you!

If you are interested in becoming a member of our PAC, please email advisorykfchc@keystonefirst.com or call Participant Services at **1-855-332-0729** (TTY **1-855-235-4976**) to be connected to a member of the Community Outreach team.

You can find more information about this committee, such as meeting minutes, how to become a member, and the 2023 meeting dates, at www.keystonefirstchc.com/pac or by scanning this QR code:
