Your opinion counts!

Each year, Keystone First Community HealthChoices (CHC) Participants are randomly chosen to fill out a survey that tells us how satisfied you are with your health care. If you receive a survey, please fill it out and return it right away. Your opinion counts!

We have special programs for you

Keystone First CHC has special programs to help you stay healthy. These programs are provided to you at no cost. You do not need a referral from your doctor to join. If you have one of the health care conditions listed here, you may be able to participate in one of our special programs. These programs are interactive, which means we work with you directly.

- Asthma
- Chronic obstructive pulmonary disease (COPD)
- Diabetes
- Heart disease
- Hemophilia
- HIV/AIDS
- Sickle cell anemia

Call Keystone First CHC Care Management at **1-855-349-6280 (TTY 711)** or go to **www.keystonefirstchc.com** to learn more.

Here you can learn more about:

- Who is eligible
- How to use program services
- How to join or leave the program

When you call, let us know if you have multiple health issues. You may need complex care management. A health care provider, a discharge planner, or a care manager can also call Keystone First CHC about care management for you.

To join one of these programs, you, your caregiver, or your PCP can call us at **1-855-349-6280 (TTY 711)**.

What to do if you ...

...Need health care services

Call your primary care provider (PCP) for an appointment. Your PCP is the first person to call with any questions about your health. If you have a special health problem, your PCP may send you to a specialist. A specialist is a doctor trained to treat certain health problems. You have the right to ask for a second opinion if you are not sure about any medical treatment, service, or non-emergency surgery that is suggested for you. A second opinion may give you more information that can help you make important decisions about your treatment. A second opinion is available to you at no cost other than a copay.

... Need special services

Sometimes Participants have special medical conditions. Keystone First CHC can help with dental or eye care; get you in touch with community organizations and behavioral health managed care organizations that can help you; and help you find social service agencies that can work with you.

... Need care after hours or when your doctor's office is closed

If you need care when your doctor is not available and it is not an emergency, call the Nurse Call Line at **1-855-332-0117 (TTY 711)**, visit an urgent care center, or leave a message for your doctor to call you back. If it is an emergency, call **911** or go to the nearest emergency room.

... Need help finding a doctor

Check our online provider directory at **www.keystonefirstchc.com** to find a doctor close to your home. If a Keystone First CHC

doctor in our specialist network cannot provide a medically necessary covered service, we will approve for you to see a doctor out of the Keystone First CHC network.

... Get a bill from a health care provider

As a Keystone First CHC Participant, you don't have to pay for medically necessary covered services.*

...Want to voice a dissatisfaction

If you have questions or concerns about your Keystone First CHC benefits or services, please call Participant Services.

... Want to file a complaint or grievance, or request a fair hearing

We can help you with a complaint, grievance, or fair hearing. Call Participant Services or follow the directions in your Participant Handbook.

Need more information and don't have access to the internet or a Participant Handbook? Call Participant Services at **1-855-332-0729 (TTY 1-855-235-4976)**.

*There may be times when you will have to pay a copayment.

Quality care for our Participants

At Keystone First CHC, our mission is to help people get care, stay well, and build healthy communities.

This is done by:

1. Staying up to date on the most recent National Quality Assurance Standards and Best Practice Guidelines.
2. Providing education to help you get the care that you need.
3. Conducting Participant surveys to find ways to improve. We take all feedback seriously. Our team looks for ways we can help make sure you get the quality of care and service that meets your needs.
4. Reviewing the care and services given by Keystone First CHC providers. This includes medical, dental, vision, pharmacy, and long-term services and supports.

To view our Quality Improvement (QI) program accomplishments and goals for 2024, please visit www.keystonefirstchc.com > **For Participants > Getting care > Quality improvement (QI) program**. If you would like more information but do not have access to the internet, please call Participant Services at **1-855-332-0729 (TTY 1-855-235-4976)**.

Our commitment to you

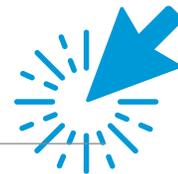

At Keystone First CHC, we work with you and your PCP to make sure your benefits are used in the right and most cost-effective way. We make decisions based on the appropriateness of care and services and existence of coverage. We also do not give rewards or financial incentives to our staff who make decisions or to providers or anyone else for denying, limiting, or delaying health care coverage or services. Financial incentives for Utilization Management decision makers do not encourage decisions that result in underutilization.

Please call Participant Services at **1-855-332-0729 (TTY 1-855-235-4976)** to learn more. We can provide language assistance if needed at no cost to you.
